

Future of Tresham Church Building

All Responses Question 1: In general there are two possible ways forward. Of the options below, which is your preference? Please choose one.

Question 1 has 43 answers (Radio Buttons)

“In general there are two possible ways forward. Of the options below, which is your preference? Please choose one:”

Continue unchanged. The church committee will manage the finances, negotiate with the diocese regarding the costs of running services etc. and fund raise appropriately when emergency repairs are necessary. The church will continue principally as a place of worship and its decline will probably continue although the church committee would do its best to maintain the current model.

Take a more community focussed approach. Whilst the building would continue as a place of worship its role would also be as a community resource for village meetings and social activities. There would be a plan to re-order the building making it more suitable for wider use. In this model additional revenue would be sourced through regular, reliable, voluntary contributions as well as through fund raising events.

Question 2 has 43 answers (Range) Avg rating: 2.7
